Best Multiple Foods

Overview

Welcome to the new Best Multiple Foods new office and manufacturing facility in Tullamarine. The steep site on the banks of the Steele Creek required significant earthworks, impact rolling, bored piers and a 5m high retaining wall to support the external hardstand and the suspended warehouse floor.

The new building has a 300m² double storey office space and a 1700m² manufacturing facility on a 4500m² site.
